Do not let anything prevent you making an investigation of our Cotton Planter. We challenge the world to show a better or more labor saving and useful implement for the purpose recommended. The first objection is yet got to be set up against it.

My position last year, as Chaleman of the Sanitary Committee of this city, brought the constants in contact with persons succeing from Cheers, Dysenters, &c Facts coming under my own observation, with reference to the efficacy of your Dysenters pyrup in the diseases, have been

confirmed by the testimony of my associates on the com-mittee, and particularly by Alderman De Forest, of the First Ward. So strongly was I impressed with the value of your preparator, teaseed it to be sent in the Quarantine, where the Choicea then existed, and it is not a little remarkable that but a single case was reported afterwards.
